

Kimberly McClain Murphy, CSP, MS

Safety and Health Specialist

Bridgeport, WV

kmurphy@benchmarkpllc.com

Biography

Kim has extensive experience in training, safety and health program development, and workplace assessment. Her diverse experience in conducting safety audits, industrial hygiene surveys, and training needs affords her the ability to recommend practical and feasible controls to enhance worker safety and health. Her 24 years in higher education provides a solid foundation for training development; thereby, meeting and exceeding client needs. These skills have been honed through workplace training in manufacturing, construction, utility, union, and healthcare facilities. She also develops and delivers customized training modules to meet the site-specific needs of clients.
